- For replacement use or high quality new build applications wood veneered doors offer an established and 'no fuss' design solution.
- Select from a wide range of veneer options, to complement all types of project.
- Temperate grown timbers from Europe and North America are included in the range alongside cost effective alternatives from established and controlled tropical sources.
- Door faces are fully factory lacquered and veneered edge to edge, masking the applied vertical edge lippings and presenting a clean smooth appearance, with the unique natural shade and grain variations of hardwood.
- Durador™ veneer offers a 'lacquered plywood' look, with no further face finishing required.
- Option Plus and factory servicing is available, see page 52 for details.
- Wide range of factory apertured designs available, see page 50.
- Made in the UK.
