

PREMDOR

ENVIRONMENTAL POLICY STATEMENT

The Directors, Management and Employees of Premdor recognise and accept their responsibilities in respect of the Company's environmental impact. The Company will environmentally manage these activities in accordance with BS EN ISO 14001 and undertake, as far as reasonably practicable, to minimise the environmental impact of the Company's operations and associated activities.

The Company will also as part of their commitment, support their Customers and Suppliers to achieve their own environmental objectives and obligations.

Therefore, Premdor will establish and maintain an efficient and effective documented Environmental Management System which meets or surpasses the requirements of BS EN ISO 14001. Therefore the Company is committed to defining its Environmental Policy and ensuring that it is responsible for the following:

1. Its relevance to the nature, scale and environmental impact of the Company's activities, products and services.
2. Its commitment to the compliance of current environmental legislation and regulations with other requirements to which the Company subscribes.
3. Its commitment to continuous improvement and prevention of pollution which could impact on the environment and affect humans and wildlife.
4. The provision of a sustainable framework for establishing, maintaining, reviewing and improving environmental objectives and targets.
5. Its commitment to document, maintain and communicate the Policy to all its employees.
6. To ensure that Suppliers and Contractors support the Sustainability of the Company's Environmental Policy and Environmental Performance.
7. Its commitment to make the Policy available to the Community.

Premdor will also provide training for their employees, so that Safe Operating Practices are employed and all environmental requirements are met.

As Managing Director, I am fully committed to ensuring the implementation and continuous improvement of this Business Environmental Management System.
